---

Will,

It appears that Weston is charging me travel time to/from the FJ Doyle Salvage Site. The site is less than 50 miles and therefore they are not allowed to charge for travel to and from the site (commute). I will allow them to charge the travel time if they are transporting samples or are required to pick-up equipment (except for the rental truck they are using to commute to/from the site). I am not allowing anyone that is within 50 miles of the site to charge travel time to/from the site.

For example, I live 41.5 miles from the site and I do not get to charge my travel time to/from the site. Also, I have to drive from my house to the Fairview Fire Station to pickup the EPA truck and then commute to/from the fire station to the site which is 37.8 miles.

For Weston, it is 46.2 miles from their office to site based upon MapQuest.

I need a response back from you confirming that you guys are not going to allow them to charge their commute time to/from the site as this is against the travel rules.

Thanks,
